

# Wandering in Washakie County

## DAY TRIPS

### Northern Route

Leave after breakfast for a day-long adventure. Head north on US 16-20, through Greybull, turning right onto US 310 and heading north to Lovell, WY. At the junction of US 310 and US 14A, turn right onto US 14A. Immediately on the right you will see the Wild Mustang Center. This is a great place to get a bit of background information. Leaving there, turn right onto US 14A and then left onto WY 37. This road will turn to dirt. The wild horses may or may not be around.

Leaving the Wild Horse Range on WY 37, turn left onto US 14A. Continue east for about 28 miles to National Forest Road 12. Turn left here and follow the signs to the Medicine Wheel parking area. You will have to walk the rest of the way to the wheel.

Return to US 14A and then head south on US 310 back toward Greybull. Turn left at the junction on US 14-16-20. Turn left into the Rest Area. Just behind the main building here, you will find the Museum of Flight and Ariel Firefighting.

Head on into Greybull for a bit of lunch and then on to the Museum. Turn left at the only traffic light, go 2 1/2 blocks. The museum is on the right-325 Greybull Ave (US 14).

Next, it's off to see some unusual land formations in the area called Devil's Kitchen. Go East on US 14 for about 7 miles to Davis Road. Turn Left here and go about a mile and turn left onto I33. Go about 2.4 more miles and turn left again. Another 1.3 miles brings you to the area.

Turn left back onto US 14, and head east for about 13 miles. There is a roadside interpretive sign for Shell Canyon Falls and the falls can be viewed from this point.

The last stop on this drive is Red Gulch Dinosaur Tracksite. From Shell, go 4 miles west to the Red Gulch/Alkali Back Country Byway and turn left onto it. Red Gulch Dinosaur Tracksite (unpaved) way and turn left onto it, then 5 miles to the Tracksite. Backtrack out to Greybull and head south on US 16-20 to back to Worland.

1. Wild Mustang Center
2. Pryor Mountain Wild Horse Range
3. Medicine Wheel (steep grade)
